Over the course of the past year, Brother Matt Williams has led the charge of building and funding a house for a family in need. It is with great pleasure to announce that the Habitat for Humanity House is officially completed. Thank you Matt for striving to make a positive impact!

For the countless hours of service and donations, thank you to all!

Brother of the Semester

During the Brotherhood's final Chapter Meeting of the semester, it was with a unanimous decision that we voted our brother of the semester to be AJ Tu.

AJ is a rising senior and is currently majoring in Marketing and General Management. Over the last few months, AJ has been interning for Greystar, the largest property management country in the world, as a Property Management Intern. At Purdue, he works as a social media content creator for Purdue Student Activities & Organizations. He has a passion for photography, cars, fashion, and entrepreneurship and is an aspiring real estate investor.

AJ's selfless dedication to our social media pages and public relations is apparent and overflowing. He regularly posts content on Instagram featuring Brother's birthdays, updates, and achievements for the Purdue Community to view.

In addition to AJ's role within the house, he is the Founder of his own LLC clothing brand. AJ regularly participates in Purdue-Sponsored Clothing Expos and can sometimes be found selling his stylish designed products around campus! AJ's clothing brand handles all house orders for Recruitment events, Mom & Dad's Day events, Formal events, and all other apparel. Congratulations AJ!
